### CalEPA | California Environmental Protection Agency

Environmental protection is the practice of protecting the natural environment by individuals, organizations and governments. Its objectives are to conserve natural resources and the existing natural environment and, where possible, to repair damage and reverse trends.

### Environmental protection - Wikipedia

Environmental Protection Agency (EPA), agency of the U.S. government that sets and enforces national pollution-control standards. In 1970, in response to the welter of confusing, often ineffective environmental protection laws enacted by states and communities, President Richard Nixon created the EPA to fix national guidelines and to monitor and enforce them.
